Pfizer Oncology together™

We know managing life while on treatment can be overwhelming, but you don't have to do it alone.

If you've been prescribed ELREXFIO, you can receive free, one-on-one support during treatment from a **Patient Access Navigator**, available through the Pfizer Oncology Together™ program. Whether you have questions about getting started on treatment or need help understanding what your plan may look like, you can turn to your Patient Access Navigator for support.

 **ELREXFIO**®
(elranatamab-bcmm)
INJECTION FOR SUBCUTANEOUS USE | 44 mg/1.3 mL
76 mg/1.9 mL

Making your support needs a priority. Together.

Once you have signed up for support, you will be assigned a Patient Access Navigator who will work directly with you and your care team to provide*:

- ✓ Access and financial assistance for eligible patients, regardless of insurance coverage
- ✓ Treatment coordination—from helping you get started to managing appointment logistics
- ✓ Support during your treatment, including information regarding transportation and lodging, support groups, and advocacy resources

*Some services are provided through third-party organizations that operate independently and are not controlled by Pfizer. Availability of services and eligibility requirements are determined solely by these organizations.

How Patient Access Navigators Can Provide Support

Access and financial assistance for eligible patients

Patient Access Navigators can work directly with you to provide support by:

- Providing details to help you **navigate your insurance coverage**, including letting you and your care team know how much of your treatment is covered by insurance and what your out-of-pocket costs may be
- Identifying **financial assistance resources** if you're eligible, regardless of insurance type
- Helping you **identify solutions** if you run into any challenges when accessing your treatment
- Providing them with resources like [MyHealthcareFinances.com](https://www.myhealthcarefinances.com), a free website that includes information to help them understand their insurance coverage, medical bills, and employment and disability rights. MyHealthcareFinances is a collaboration between Pfizer and Triage Health

 **ELREXFIO**[®]
(elranatamab-bcmm)
INJECTION FOR SUBCUTANEOUS USE | 44 mg/13 mL
76 mg/19 mL

How Patient Access Navigators Can Provide Support

Treatment coordination

Patient Access Navigators can help you as you begin treatment with ELREXFIO by*:

- Offering one-on-one guidance to help you **prepare for** treatment, understand costs, and navigate insurance coverage
- **Confirming your hospital discharge plan** with you and your care team when you're receiving your first week's doses at the hospital
- Providing you with the information you need to **receive treatment at your doctor's office**
- Providing **support during transition of care** from a hospital to an outpatient site

*Some services are provided through third-party organizations that operate independently and are not controlled by Pfizer. Availability of services and eligibility requirements are determined solely by these organizations.

How Patient Access Navigators Can Provide Support

Support during your treatment

Patient Access Navigators can help support you during treatment with ELREXFIO by providing information from patient advocacy groups and related programs that includes*†:

- Help coordinating logistics, appointment reminders, and insurance needs
- Resources on your condition, nutritional tips, and workplace transitions
- Guidance for emotional health and caregiver support
- Assistance with transportation, lodging, and enrolling to receive emails about ELREXFIO
- Information about local events and advocacy opportunities

How to enroll

To sign up for Patient Access Navigator support, visit www.myPANsupport.com.

*Patient Access Navigators will provide support to patients through their first 6 months of ELREXFIO treatment.

†Some services are provided through third-party organizations that operate independently and are not controlled by Pfizer. Availability of services and eligibility requirements are determined solely by these organizations.
