

Pfizer Oncology together™

Helping patients access their Pfizer Oncology medications. Together.

A guide for healthcare providers on patient access and reimbursement through Pfizer Oncology Together.

Access & Reimbursement Assistance

Pfizer Oncology Together™ is here to help patients navigate the access and reimbursement process. Some of the services provided include:

PRIOR AUTHORIZATION (PA) ASSISTANCE

We can coordinate with a patient's insurer to determine the PA requirements. After your office submits a PA request, we can follow up with the payer until a final outcome is determined.

APPEALS ASSISTANCE

We can review the reasons for a denied claim and provide information on payer requirements. After your office submits an appeal, we can follow up with the payer until a final outcome is determined.

SPECIALTY PHARMACY COORDINATION

To help your patients access the medication you've prescribed, we can identify specialty pharmacy options. If you prefer, you and your staff can also continue to work directly with [specialty pharmacies](#) in the network.

BILLING AND CODING ASSISTANCE

For your patient claim submissions, we provide easy access to sample forms and template letters, along with general billing and coding information.

Go to PfizerOncologyTogether.com/HCP and visit the **Access & Reimbursement** page.

DEDICATED LOCAL SUPPORT

Pfizer Oncology Account Specialists can provide detailed information on Pfizer Oncology medications and access resources. In addition, they can help you and your office staff contact a Pfizer Oncology Field Reimbursement Manager (FRM) in your area. FRMs can help address specific access and reimbursement issues—in person or over the phone.

GET STARTED WITH FRM SUPPORT:

To contact an FRM, visit PfizerOncologyTogether.com/HCP and click "FIND A REIMBURSEMENT MANAGER."

Patient Financial Assistance

Pfizer Oncology Together can help patients understand their insurance benefits and connect them with financial assistance resources (if needed), regardless of their insurance coverage.

If patients are commercially insured, government insured, or have no insurance coverage at all, visit the [Insurance Types](#) page to see the resources that may be available to them through Pfizer Oncology Together.

Support for Commercially Insured Patients

CO-PAY ASSISTANCE

Eligible, commercially insured patients may pay as little as \$0 per month for oral medications or per treatment for certain injectable medications through our co-pay savings programs. [Limits, terms, and conditions apply.](#)*

*For oral products, [click here](#) and for injectable products, [click here](#). Patients are not eligible for these programs if they are enrolled in a state or federally funded insurance program, including but not limited to Medicare, Medicaid, TRICARE, Veterans Affairs health care, a state prescription drug assistance program, or the Government Health Insurance Plan available in Puerto Rico. For oral products, patients may receive up to \$10,000 per product in savings annually. For injectable products, maximum annual patient savings range from \$10,000 to \$25,000.

Support for Government Insured or Uninsured Patients

PFIZER PATIENT ASSISTANCE PROGRAM

If your patients are not commercially insured, the [Pfizer Patient Assistance Program](#)[†] provides Pfizer medications for free to eligible patients who are having difficulty affording their prescribed Pfizer Oncology medications. To be evaluated for assistance, patients must submit a completed Patient Assistance Program Enrollment Form and meet certain requirements.

[†]The Pfizer Patient Assistance Program is a joint program of Pfizer Inc. and the Pfizer Patient Assistance Foundation™. Free medicines from Pfizer are provided through the Pfizer Patient Assistance Foundation™. The Pfizer Patient Assistance Foundation™ is a separate legal entity from Pfizer Inc. with distinct legal restrictions.

Personalized Patient Support

If patients and their caregivers need help with some of the day-to-day challenges they may be facing during treatment, Field Reimbursement Managers (FRMs) can connect them to helpful resources, including*:

Educational resources covering insurance and financial literacy, as well as caregiver support, workplace transition, and wellness.

Advocacy organizations that may provide emotional support and education about their type of cancer.

Local organizations that may provide assistance with transportation or lodging surrounding treatment-related appointments.

*Some services are provided through third-party organizations that operate independently and are not controlled by Pfizer. Availability of services and eligibility requirements are determined solely by these organizations.

To enroll your patients in personalized support, go to PfizerOncologyTogether.com/HCP/enroll. Once there, you can select your patient's medication and download an enrollment form.
