Making your support needs a priority. Together.

Pfizer Oncology together™

Pfizer Oncology Together is here to provide support for patients who have been prescribed ELREXFIO and their caregivers. We know managing life while on treatment can be overwhelming, but you don't have to do it alone.

If you've been prescribed ELREXFIO, you can receive one-on-one support from a **Patient Access Navigator** during your treatment. Whether you have questions about getting started on treatment or need help understanding what your plan may look like, you can turn to your Patient Access Navigator for support.

After you enroll in Pfizer Oncology Together and opt in, you will be assigned a Patient Access Navigator who will work directly with you and your care team to provide:

- ✓ **Access and financial assistance** for eligible patients, regardless of insurance coverage
- ✓ **Treatment coordination**—from helping you get started to managing appointment logistics
- ✓ **Support during your treatment**, including information regarding support groups and advocacy information

Call [1-877-744-5671](tel:1-877-744-5671) (Monday–Friday 8 AM–8 PM ET) to learn more.

 **ELREXFIO™**
(elranatamab-bcmm)
INJECTION FOR SUBCUTANEOUS USE | 44 mg/1.1 mL | 76 mg/1.9 mL

How Patient Access Navigators Can Provide Support

Access and financial assistance for eligible patients

Patient Access Navigators can help you access ELREXFIO by:

- Providing details to help you **navigate your insurance coverage**, including letting you and your care team know how much of your treatment is covered by insurance and what your out-of-pocket costs may be
- Connecting you to **financial assistance resources** if you're eligible, regardless of insurance type
 - If you need financial assistance to help you pay for your medicine, they can help identify potential resources for patients with commercial insurance, Medicare/government insurance, or those who don't have insurance
- Helping you **identify solutions** if you run into any challenges when accessing your treatment
- Providing you with resources like [MyHealthcareFinances.com](https://www.myhealthcarefinances.com), a free website that includes information to help you understand your insurance coverage, medical bills, and employment and disability rights

Treatment coordination

Patient Access Navigators can help you as you begin treatment with ELREXFIO by:

- **Confirming your hospital discharge plan** with you and your care team if you're receiving your first week's doses at the hospital
- Providing you with the information you need to **receive treatment at your doctor's office**

 **ELREXFIO**[™]
(elranatamab-bcmm)
INJECTION FOR SUBCUTANEOUS USE | 44 mg/1.1 mL
76 mg/1.9 mL

Support during your treatment

Patient Access Navigators can help support you during treatment with ELREXFIO by*:

- Coordinating with you to confirm **logistics**, providing **appointment reminders**, and following up on insurance needs

To get support from a Patient Access Navigator, enroll in Pfizer Oncology Together™.

Please visit PfizerOncologySignUp.com/injectable to enroll. Please be sure to check the “Patient Access Navigator Support” boxes in section 7 of the enrollment form and fill out the required fields.

*Patient Access Navigators will provide support to patients through their first 6 months of ELREXFIO treatment.
